Since it was first issued in 1932, the Bosch Automotive Handbook has become one of the world's most successful reference book for topics concerning automotive technologiesSince it was first issued in 1932, the Bosch Automotive Handbook has become one of the world's most successful reference book for topics concerning automotive technologies. More than 1.5 million copies of the book with its traditional dark-blue cover have already been published in a total of 12 languages. Generations of students of engineering disciplines, automotive master students, engineers, motor-vehicle experts, researchers and developers at the automotive industry used it as a reference. The 10th and totally revised edition is now available at the bookshops since end of November 2018. The latest edition of the Automotive Handbook already comprises 1 780 content pages.Focus of the revisionFor this new edition, most of all the chapters "powertrain" and "operating fluids" were completely revised. Besides conventional types of transmissions for motor vehicles driven by combustion engines, powertrains of hybrid and electric vehicles have also been added. As they are described in detail, the chapter is now more than twice as long as it was before. The "operating fluids" chapter was complemented by comprehensive descriptions of alternative fuels, coolants for air-conditioning systems and urea-water solutions. In addition, there is also a new chapter about different seals installed at several different locations within each vehicle. This chapter is a completely new one as there was no such chapter before. Accordingly, the contents added deal with latest developments regarding automotive technologies.Please click here to view the full press release.SOURCE: Bosch Description Product Details Click on the cover image above to read some pages of this book! Its product portfolio includes products made as Bosch original equipment, as well as aftermarket products and services developed and manufactured in-house. About 14,000 associates in more than 150 countries, as well as a global logistics network, ensure that spare parts reach customers quickly and on time. AA supplies testing and repair-shop technology, diagnostic software, service training, and information services. In addition, the division is responsible for the "Bosch Service" repair-shop franchise, one of the world's largest independent chains of repair-shops, with some 15,000 workshops, and more than 1,000 "AutoCrew" partners.Additional information can be accessed at www.boschaftermarket.com The Bosch Group is a leading global supplier of technology and services. It employs roughly 395,000 associates worldwide (as of December 31, 2020). The company generated sales of 71.5 billion euros in 2020. Its operations are divided into four business sectors: Mobility Solutions, Industrial Technology, Consumer Goods, and Energy and Building Technology. As a leading IoT provider, Bosch offers innovative solutions for smart homes, Industry 4.0, and connected mobility. Bosch is pursuing a vision of mobility that is sustainable, safe, and exciting. It uses its expertise in sensor technology, software, and services, as well as its own IoT cloud, to offer its customers connected, cross-domain solutions from a single source. The Bosch Group's strategic objective is to facilitate connected living with products and solutions that either contain artificial intelligence (AI) or have been developed or manufactured with its help. Bosch improves quality of life worldwide with products and services that are innovative and spark enthusiasm. In short, Bosch creates technology that is "Invented for life." The Bosch Group comprises Robert Bosch GmbH and its roughly 440 subsidiary and regional companies in some 60 countries. Including sales and service partners, Bosch's global manufacturing, engineering, and sales network covers nearly every country in the world. With its more than 400 locations worldwide, the Bosch Group has been carbon neutral since the first quarter of 2020. The basis for the company's future growth is its innovative strength. At 129 locations across the globe, Bosch employs some 73,000 associates in research and development, of which nearly 34,000 are software engineers.Additional information is available online at www.bosch.com, www.iot.bosch.com, www.bosch-press.com, www.twitter.com/BoschPresse. bosch automotive handbook 10th edition, bosch automotive handbook 10th edition pdf, bosch automotive handbook 10th edition pdf free download, bosch automotive handbook 10th edition pdf download, bosch automotive handbook 10th edition bosch 10, bosch automotive handbook 10th edition free download, bosch automotive handbook 10th pdf
